School Report

Report of the Superintendent

The present registration of the Lord's Mill school is seventeen pupils; one or more in each of the eight grades. The school is well organized and the attitude of the pupils is excellent.

During the year ending last June there were enrolled ten boys and five girls. The percentage of attendance was 93. There were 13 tardinesses and 12 visits of the superintendent. There were nine pupils in high school.

At present we have one tuition pupil attending Bartlett high school and one attending Kennett high school.

The budget has been carefully worked out by the school board for next year and the amount to be raised will be \$2,004.67. It is not however possible to forecast accurately all expenses and sufficient funds were not raised last March for transportation in the current year. A deficiency appropriation of \$330. should enable the district to close its books June 30 with all bills paid.

Respectfully submitted,

JOHN H. FULLER,

February 16, 1940

Superintendent.
